Silk threads are a must-have for both traditional and modern embroidery because they are smooth, shiny, and long-lasting. Ray Aari Shop has a special selection of high-quality silk thread collections made just for professional artisans, designers, and wholesale buyers.

We carefully choose our silk threads to make sure they have bright colors, high tensile strength, and a perfect finish. Our silk threads are the perfect balance of style and function for Aari embroidery, hand embroidery, zari work, and bridal wear designs.

Premium Quality Silk Threads:

All of the threads in our collection are made from high-quality silk fibers that give a finish that is both soft and strong. The threads move smoothly through fabric, which makes them great for detailed work and intricate designs.

Their natural shine makes any embroidery work look richer.
